

## A.S. Agribusiness Management (61-62 Credits)

### Guided Pathway: Associate of Science, Agri-Business Management (AGRB)

For more information, visit [www.fgc.edu](http://www.fgc.edu) and your academic advisor.

Meta-major: STEM

The Associate in Science degree in Agribusiness prepares students for employment as an agricultural professional, manager, or supervisor. The content includes, but is not limited to, instruction that prepares individuals to apply the economic and business principles involved in the organization, operation, and management of agricultural businesses. All courses are available online for those who work and want to start college, except for BOT 2010C, which is available on campus.

This is the sequence of courses for students interested in an Agribusiness Management Degree. It does not represent a contract, nor does it guarantee course availability. Following this pathway will help you earn an **AS** degree<sup>ii</sup>. Courses that complete the degree are listed below. As always, visit your academic advisor each semester to help you keep on track for graduation.

All AS degrees must satisfy the statewide Civic Literacy requirement for graduation. Please see the [catalog](#).
