Student Expectations

Attendance

Expectations are that you will participate regularly in the course. This will be measured by the timeliness of your exit tickets which have a no late grace period. They are due on the final day of that module.

Courtesy and Student Conduct Code

Sometimes it's easy to say things online we wouldn't say in person. For this class, I want to be sure we don't get in that habit. The course should be a safe place for expression. All students should post with respect, respond with respect, and are allowed to expect the same from their classmates. Remember that discussions are to be respected as places for academic freedom. Input can, and likely will, have differing viewpoints. Faculty, and other students, will respect the speaker's right of expression. Speakers are expected to also be respectful in their dialogue. In addition, use proper netiquette as it is important in promoting communication skills, preventing miscommunications, and helping you understand what is socially acceptable when working and collaborating online.

Late Work

Remember that a “due” date is not the same as the “do” date so pace yourself according to your scheduling needs. All due dates can be found in the “Calendar” within this Canvas course, the “Home” page in Canvas, the “Syllabus” page in Canvas, and in [this actual syllabus](#). I take the late policy seriously in order to honor the students who have worked so hard to submit on time. You may submit work after the due date, however, there is a **10% per day** late penalty. **This grace period does not apply to the final GLO essay or the final creative project or exit tickets.**

*If there is an extenuating circumstance please contact me prior to the due date. This is generally open to one assignment per semester.

Plagiarism and submission of AI work

This is absolutely unacceptable in this course. **Assignments will receive a zero** and depending on the infraction, you could fail the course. Plagiarism and AI work will also be reported to the proper channels. See course for more details.

Formatting of assignments

Assignments must be submitted in the proper formatting. Microsoft Office documents such as Power Point and Word are available in the FGC library on their many computers. **Files that are not able to be opened will be given a zero. When in doubt, convert it to a PDF.**

Bonus points

There will be occasional possibilities for bonus points throughout the semester. I encourage you to take advantage of these opportunities whenever possible. There is no late grace period on bonus assignments. Bonus points will not be offered at the end of the semester, other than the optional test, as an option to move your grade up a letter.

Grading procedure

Rubrics are provided for much of the graded work in this class. I use the rubric to fairly evaluate your work. I do, however, reserve the right to adjust the grade, as appropriate in my professional opinion, should the work not reflect the expectations of the assignment or should the rubric grade not reflect the quality of the work.

Gordon Rule Requirement

This course is a Gordon Rule course. In accordance with the State of Florida's Rule 6A-10.030, all courses designated as Gordon Rule ("GR") in the college catalog will include the requirement that students demonstrate the ability to produce college-level, discipline-based writings. Such courses include, but are not limited to, those in the Communications, Humanities, and Social Sciences categories. This requirement will be met in each class through the student's successful completion of multiple and substantive college-level writing assignments as designed and assessed by the instructor in such a way as to measure both course-specific learning and development of writing skills over the progress of a given semester. In addition to demonstrating a satisfactory understanding of the written English language, all such assignments submitted by a student should exhibit critical thinking skills and be directly related to the discipline's specific General Learning Outcome(s).

Grading Policies (Student Performance Measures)

Learning Activities

- **Participation (5%):** This ensures being an active participant in the course. This will consist of attendance and online exit tickets.
- **Quizzes (15%):** Quizzes will be given during the course for most chapters. It is important you read the chapter before the quiz. You will have one opportunity to take the quiz.
- **Writing Assignments (25%):** These will consist of essays of 350-500 words focused on a specific topic defined within the module.
- **GLO Essay (20%):** You will write a comprehensive essay (see course assignment for details) that is supported by data points from the textbook, and supported by at least two scholarly resources from the professor approved list. This will require critical thinking and synthesis of information. APA 7 will be required. **Failure to complete this assignment will result in automatic failure of the class.**
- **Creative Assignment (10%):** The creative assignment consists of a creative project which will combine critical thinking and creativity.
- **Other (25%):** These will consist of various worksheets, reports, projects, and other works that do not fit into the other learning activity categories.

Grading Scale

A – 90% - 100%
B – 80% - 89.9%
C – 70% - 79.9%
D – 60% - 69.9%
F – 59.9% or below

Returning Grades

I will grade most assignments within 7 – 10 business days of the due date. For more expansive assignments, I will return them within two weeks. This gives me ample time to provide constructive, useful feedback to help you progress and grow as a student in this course.

*Sometimes life happens (illness usually) and that may throw the turn-around time off. Thank you in advance for your patience.

Student Support and Tech Needs

This course requires students to have access to a computer and the internet. For those students who do not own a computer, computer labs are available on the FGC campus and in public libraries. Students without internet can come to the FGC campus, go to local public libraries, coffee shops, etc.

Minimal technical skills required for this course include the ability to use Microsoft Office products and navigate the Internet.

Please contact your instructor directly, your academic advisor, and the SSC. Your instructor's information is provided in the email.

Navigate Student is a mobile app designed to support students during their academic careers at FGC. Navigate Student is the ultimate student resource that acts as a personal advisor and provides students with the information they need, when they need it. Additionally, students may make an appointment with an advisor, view campus events, be alerted on important to-do's, view class schedules, explore their major, and much more.

Please do not allow yourself to struggle. We are here to help you achieve success. The mission of the SSC is to help encourage and promote your educational journey here at FGC and beyond.

Class Recording

A student shall not make a recording in class unless the recording is limited to the class lecture, and

1. the recording is made for the student's personal educational use,
2. in connection with a complaint to the college, **or**
3. as evidence in or in preparation for a criminal or civil proceeding.

Students are not permitted to record in class, through any means over any medium, any academic or other activity that is not a class lecture. A recording of any meeting or conversation between students, or between students and faculty, is strictly prohibited unless all parties have consented to such recording. A recording of a class lecture may not be published without the prior express written consent of the recorded faculty member.

Under Students and the Complaints & Appeals section (<https://www.fgc.edu/students/complaints-and-appeals.html>), information regarding policy, procedure, and forms related to these topics is provided.

College Course Withdrawal and Drop Process

A course may be dropped only during the published add/drop period. After add/drop, students must withdrawal from their course. Please visit the [College Catalog](#) for more detailed information about the drop and withdrawal process.

Students are responsible for withdrawing by the published deadline. Students must allow sufficient time for the process to be completed. **The fully approved withdrawal form is due to Enrollment Services by 4:30 p.m. on the deadline posted on the [Academic Calendar](#) or it is considered late.**

To withdraw from a course, the following steps must take place:

1. The student obtains the instructor's authorization and last date of attendance in person or via email.
2. The student meets with an academic advisor, who will sign the form (Building 14). Or, if an online student, emails the advisor a statement requesting a withdrawal from the course. The email must include the instructor's email with the last date of attendance.
3. The advisor will complete a withdrawal form, attach the emails from the student and instructor in lieu of signatures and forward the form to Financial Aid.
4. A Financial Aid representative will complete and sign the form and forward the form to Enrollment Services to be processed.

Students are strongly encouraged to begin the withdrawal process the day **before** the withdrawal deadline to allow sufficient time for the process to be completed by all offices involved (Instructor, Advising Services, Financial Aid, Enrollment Services).

It is the student's responsibility to understand all financial and academic implications of the withdrawal. Students are permitted a maximum of two (2) withdrawals per course. Upon the third attempt, a student must receive a grade for the course. Absence from class or merely notifying the professor does not constitute withdrawal. A student who stops attending class without withdrawing will receive a grade from the instructor.

Incompletes

Incomplete grades are reserved for students who are unable to complete a course and the withdrawal date has passed. A student should only be issued an incomplete if at least 75% of the course assignments have been submitted and the student can reasonably complete the remaining assignments **within the first three weeks** of the next term to earn a passing overall grade. Otherwise, students should be issued the earned letter grade in the course at the end of the current term.

The **Incomplete Grade Request Form** must be completed and submitted for approval by the **FIRST day of Final Exams and BEFORE** issuing the "I" grade. The instructor will describe the circumstances leading up to the requested "I" for the course, and list the missing assignments, quizzes, exams, and any other course requirements needed to satisfactorily complete the course **within the first three weeks** of the next term. The form must be signed by the instructor, student, and the Dean/Executive Director over the program. Once all participants have signed, an approval email will be sent to the instructor for authorization to assign the "I" grade.

Student Communication Standards

You are expected to communicate in a professional and respectful tone with the instructor and fellow classmates. All written communication (in email correspondence, discussion forums, assignments, quizzes and exams, etc.) must use proper written English. Please refrain from using online and texting abbreviations and language. Oral communications, if applicable, must be made with a respectful tone and body language. Use proper [netiquette](#) throughout!
